"A True Northern Company"
103 Kam Lake Road Yellowknife, NT
Ph: (867) 766-6025 Fax: (867) 873-4871

PLUG ALIVE™ Automatic Block Heater Tester

PLUG ALIVE will test and continuously monitor the operation of:

- All vehicle and equipment block heaters;
- Battery warmers, extension cords, heat tape;
- All electric tools, blankets, appliances and more;
- Electric car charging systems.

Simply plug **PLUG ALIVE** into an electrical outlet:

- the Green LED indicates whether the electrical outlet has POWER.
- the Red LED indicates if the Block Heater or other device is WORKING.

“FACT: By plugging-in your vehicle it cuts carbon monoxide (CO) emissions from cold start by an average of 60 %.” (Source: Municipality of Anchorage, Alaska, Environmental Services)
